Skills

Behavioral Skills

Leadership and team coordination, Effective teamwork and collaboration, Ability to work efficiently under pressure

Technical Skills

Languages: Java, Python, SQL
Coursework: DSA, DBMS, OOPS, Computer Networks, AI-ML, System Design

Additional

Languages: English, Hindi, Bengali
Hobbies: Logical puzzles, Listening to music, Volunteering or community involvement.

Education

10/2022 – 07/2026 Kolkata	B.P Podder Institute of Management and Technology, B.Tech CGPA: 8.66
01/2013 – 07/2021 Habra	PraffulaNagar Vidyamandir (H.S) Class X Percentage – 95.14% Class XII Percentage – 91.60%

Projects

Bio-Inspired Hybrid Intrusion Detection System, Python, Genetic Algorithm, Random Forest, UNSWNB-15, CICIDS-18
Developed a cloud-based hybrid intrusion detection system using bio-inspired optimization, machine learning, and signature-based detection to enhance real-time network threat detection with high accuracy and reduced false positives.

TaskGenie, Java, Springboot, Maven, Hibernate, PostgreSQL, Spring Data JPA, Docker
Developed a full-stack task management application using Spring Boot, PostgreSQL, Docker, REST APIs, and modern frontend technologies, implementing CRUD operations, DTO/Mapper architecture, centralized exception handling, and containerized deployment. Built a responsive UI with seamless API integration for real-time task management, enhancing scalability, maintainability, and user experience.

Notepillar, Node.js, Express.js, React.js, MongoDB
Developed a fully functional web application for creating, updating and deleting personal notes. Focused on scalable high-performance architecture to support personalized note management.

Internship

10/2024 – 04/2025 Kolkata	AI/ML Intern, Zafx Infratech Developed a machine learning model to detect human emotions from audio inputs. Processed and extracted acoustic features (e.g., MFCCs) for training classifiers.
